

Name _____

Drawing 2 Choice Project Planning Sheet

1. Chosen creative career: *(list attached)* _____

2. **Specific Aim of the project:**

What will you produce? What will be the final products? At least Products #1 and #2 are required.

Product #1: Paragraph describing career or career category – *rubric attached*

Product #2: "I will draw _____."
fill in your choice product related to chosen creative career

Product #3: "I will draw _____."
fill in your choice product related to chosen creative career

3. **Measurable:** How will you know YOU have done a good job? What criteria will you be graded on? What criteria are specific to your chosen project and/or career?

Write YOUR four criteria on the attached "Drawing 2 Choice Unit" set of rubrics.

Hint: Research on Internet or interview a professional

Google search example "criteria for car design"

Usable result: <http://www.drivenmavens.com/2011/01/05/how-to-draw-cars-exterior-analysis-and-guidelines/>

Example criteria based on career "product illustrator" or "industrial design" relating to cars

Detailed design of each car	1. Includes at least 10 labels of parts 2. Includes at least 3 different angles of each design 3. Include at least 5 basic dimensions with each angle	10=Way above average 7 = Average 3 = Poor 0 = Missing
Unity of design	Do all the design elements look unified or segregated? Do the graphical details, shapes, and other design elements relate to each other?	10=Way above average 7 = Average 3 = Poor 0 = Missing

4. **Relevant:**

How are your products related to your chosen creative career? Why did you chose them?

How is the criterion actually related to the **aim of the project**? the products?

What drawing media will you be using? What media is used in the career you have chosen?

OVER

5. **Time-based:** What is your plan for each day? What are smaller deadlines within larger deadline?

Final Deadline is **Wednesday, Dec. 12th** – mark your calendar

Please fill out tentative plan/goal for each class period:

What steps do you think will need to do to reach the Final Deadline and turn in final products?
